A self-motivated, hard-working, and reliable university student. Strong organisation, communication, and team-work skills developed through work experience and extra-curricular activities. Seeking placements or internships in tech related jobs.

Relevant Work Experience

November 2025 - June 2026, Kitchen associate, JD wetherspoon, Hykeham manor

- Prepared and cooked menu items to company standards while maintaining speed, consistency, and presentation quality during busy service times.
- Maintained high food safety and hygiene standards, including correct storage, temperature checks, and regular cleaning of work areas.
- Worked as part of a fast-paced kitchen team, communicating clearly to ensure smooth service and timely delivery of orders.
- Managed stock rotation and basic prep tasks, helping reduce waste and ensuring ingredients were always fresh and available.

February 2024 - August 2025, Linen porter, Premier inn, Manchester

- Provided excellent customer service by assisting customers
- Counting rejected linen and sending them back to the providers
- Worked closely with co-workers to complete teamwork tasks on time during busy shifts
- Delivering fresh linen and collecting old linen accurately and efficiently
- Trained new staff on distributing linen and other porter activities, adhering to the hotel training manual

May 2025 - June 2025, CAD engineering assistant, World Heat LTD, Dukinfield

- Work experience role as part of World Heat LTD
- Editing CAD models
- Created and edited technical drawings for manufacturing and prototypes
- Collaborated with senior engineers to update and revise design files based on feedback

Additional Experience

December 2022 - February 2023, Dry liner, private employment, Middleton

- Developed strong communication and teamwork skills working with a group of builders
- Installed insulation and plaster boards, creating walls and ceilings

Key Skills
